

MEMORANDUM

To: Honorable President Ben Shelly
Honorable Speaker Johnny Naize
Honorable Members of the 22nd Navajo Nation Council

From: Clara Pratte, Executive Director, Navajo Nation Washington Office

Date: April 2nd, 2012

Subject: Arizona Senatorial Roundtable

The Navajo Nation Washington Office received a request late last week to coordinate a visit for Senators John McCain and Jon Kyl with Navajo Nation tribal leadership.

The date that the Senators have chosen for their respective busy schedules is April 5th, 2012.

As an elected tribal leader for the Navajo Nation your presence is requested. We apologize for the timeframe and notification period for this important meeting and know that you will recognize that Senatorial schedules are outside of our control.

The meeting is open to all Navajo Nation Council Delegates and Executive Branch elected leadership. Due to the limited time that we have for the meeting we ask that this meeting be limited to those participants named above along with essential staff as deemed appropriate by the elected leaders.

While the primary reason for this meeting is to discuss the Navajo Hopi Little Colorado River settlement the Senators will also provide an opportunity to discuss other issues of importance to the Navajo Nation.

Location: Venue TBD, Tuba City, Arizona

Time: 10 am to 11 am
